

# POLECAM THE PORTABLE JIB SYSTEM

MAXIMUM FLEXIBILITY + MAXIMUM PORTABILITY =

## MAXIMUM PRODUCTION VALUE

**Polecam is a unique, single operator broadcast quality crane available in HD or SD.**

Lightweight and easily transported, 10 minutes to rig.

Mounts onto a standard tripod and dolly or the wearable harness supplied.

Wide range of accessories available.

## *f e a t u r e s*

- Full HD cameras available.
- 10 minutes to rig and de-rig, making Polecam easy to relocate in a flash.
- An ultralight support pole made of carbon fibre that can vary in length from 4 to 26 feet.
- Smooth Pan & Tilt head that allows for 1000 degrees of horizontal rotation.
- 7" high resolution monitor with built in waveform.
- Harness - making Polecam truly portable and able to go anywhere even an F1 pit lane.
- Tripod mount for quick and easy operation.
- Packs down into two bags for ultra portability.
- Hard cases available to provide protection when in transit.
- Gives smooth floating crane shots raising production values.
